

The present amendment is in response to the 08 August 2005 final office action.

The step of providing a tray and using the tray as subsequently stated in claim 1 overcomes the rejection under 35 U.S.C. 112. The step of providing a tray and using the tray as subsequently stated in claim 1 is not disclosed in Weinstein and thus avoids the prior art rejection.

Claims 17 and 20 avoid the prior art rejections over Weinstein because Weinstein does not disclose "interrupting the flow of high-pressure fluid... to divert the flow" as recited in claim 17 and does not disclose "moving an uncured fiberglass insulation blanket having a binder extant in the fiberglass insulation blanket" as recited in claim 20.

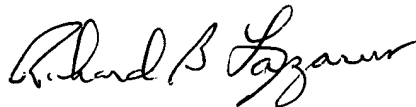

In view of the above, it is submitted that all of the claims (Nos. 1-17 and 20-22) are in condition for allowance and such action is, respectfully, requested.

If there is any issue remaining to be resolved, the examiner is invited to telephone the undersigned so that resolution can be promptly effected.

It is requested that, if necessary to effect a timely response, this paper be considered as a Petition for an Extension of Time sufficient to effect a timely response with the fee for such extensions and shortages in other fees, being charged, or any overpayment in fees being credited, to the Account of Barnes & Thornburg, Deposit Account No. 10-0435 (20121-72260).

Respectfully submitted,

BARNES & THORNBURG
